

## Copy and/or update a deliverable

### Deliverables management

- Introduction
- Deliverables management levels
- The different types of deliverables
- Creating deliverables
- **Copy and/or update a deliverable**
- Customizing deliverables
- Managing statuses
- Clipping drawings in deliverables

By right-clicking on the name of a deliverable then on *Copy and/or update*, you have access to the following interface which allows you to update your phasing book or create a copy of it:

### (1) Keep or update colors customization/clipping and the order of areas/axes:

- colors and clipping : keep the book customization, or update from the Create phasing interface settings.
- order of areas/axes: keep the book customization, or update from the Create phasing interface settings (“Areas priorities” panel) and also from the status order (*Options > Properties*).

### (2) Modification board by board:

- modify the dates and start/end time, and also the associated drawing.
- delete one or several boards.

**(3) Global modification of start/end time for the whole book.**

**(4) Apply the above parameters to the existing book, or create a new one.**
